**Data  
protection  
week**

Monday 28 January -  
Friday 01 February 2019

**#KeepMyDataSafe**

On Wednesday 28 January (10:50-11:30), our data security partners, Salvus Data will be introducing XQCyber and their CyberScore online penetration testing tool, which is an extremely cost effective and efficient alternate to using consultants.

Our full cyber security solutions package includes:

- CPD FIRST new online cyber security course,
- Salvus providing consultancy advice and
- XQ Cyber providing the automated CyberScore testing tool
